

ST. MICHAEL'S C.E. (AIDED) PRIMARY SCHOOL

*"I have come that everyone may have life and have it to the full
(John 10:10)*

Newsletter 16 – Spring Term
Monday 3rd March 2014

Dear Parents,

Spring is here and it is the Season of Lent. Reverend Vicky's assembly this morning was based around materials from 'Love Life, Live Lent'.

These materials focus on the theme of '*being the change you want to see*'. I have photocopied the sheets in case you wish to engage in the activities as a family and use the prayer at home.

In school we will focus on '*being the change you want see*' for the Golden Leaf Award on Fridays.

Staff Training

Staff here at St. Michael's are committed to engaging with current curriculum training. Three members of staff will be attending Science curriculum training on a Saturday to ensure we offer children the best Science curriculum we can.

Ten staff are also linking with Springfield Primary School attending two twilight sessions on Abacus Maths, which is a new and up-to-date Maths resource recently purchased for use in St. Michael's.
